Subject: Letter of Recommendation

Dear Sir or Madam!

It has been brought to my attention that Mitja Sadar is applying for a position in your organisation. As he has been a distinguished student at our faculty in the period 2002-2006, I would like to share my impression of him in order to help you make an informed decision regarding his application.

What impressed me the most was his positive attitude to life and the seriousness with which he undertook his studies. I had the pleasure of having him in my lectures and I can say that, in my opinion, he has clearly demonstrated that he has a flair for economics and great desire to learn new things and apply them in practice.

Every time the students had to prepare a group presentation, he was not afraid to take leadership position and has always managed to bring the best out of his fellow teammates, and the teams he participated in always produced exemplary results. In addition, he has always displayed very high degree of maturity, both in his everyday life and his long-term plans, as well as very good manners and exemplary degree of integrity.

Let me conclude the letter with my firm belief that the performance of Mr. Mitja Sadar will be outstanding and that he will quickly become an invaluable asset to your organisation. Therefore, I would highly recommend him for the position he is applying.
